

The President just claimed that 8 million people are now insured under Obamacare

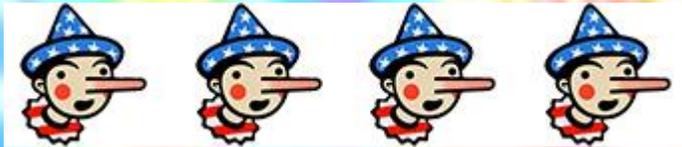

How many had previously LOST their insurance because of Obamacare?

How many of those have actually paid?

How many are young adults, on their parents' insurance because they can't find work?

And really, where did this number actually come from?

And let's not forget this:

The president received four Pinocchios for saying seven million Americans now have access to health care because of the Affordable Care Act (image source: Washington Post)

And why don't our NEWS REPORTERS ask these questions?

Is the IRS your friend?

Guess who pays their salaries? You do. And the bonuses? Yep. You again. But did you know this?

The IRS handed out more than \$1 million in bonuses to employees who were delinquent on their federal taxes

And this

more than 1,000 IRS workers, who didn't pay their taxes, received not only cash bonuses, but extra time off.

Bet you didn't hear THAT on the news.
And let's not forget:

We can't trust them (IRS) to manage our tax dollars but we're expected to trust them with our healthcare?

Don't we have a right to know?

Don't let them get away with
Deciding what you should or shouldn't know

Politifact awarded the President

Lie of the Year:

**'If you like your health care plan, you can keep it'
(go on – google it for yourself! Read about why!)**

Isn't this NEWS?

**Shouldn't the media CARE when the President's
"PANTS are on FIRE"?**

**WHY don't our NEWS REPORTERS tell us the truth?
Because they KNOW WE CARE about the President being a LIAR**

Don't we?

We trust them WHY?

- *In a typical presidential election, Washington correspondents vote about 93% for Democrats*
- *—2004 election: 99% of journalists who gave to a presidential candidate gave to John Kerry. The remaining 1% gave to George Bush*
- *—2008 election: 95.2% of those journalists who gave, gave to Obama.*
- *June 2009 study: During the 2008 presidential campaign, ABC employees gave 80 times as much money to the Obama campaign as to the McCain campaign. Thus, of the money ABC employees gave to one of the campaigns, 98.8% went to Obama.*

WHY would they report HONESTLY when they're financially invested in one party?
